THE LATEST NEWS

Meet Moses & Maude!

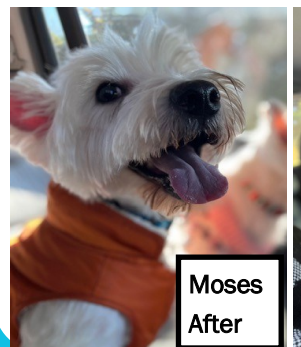

Rescues come to us from lots of different places. While most are owner surrenders, there are quite a few that come from our shelter partners in MD & several close by states. Shelter intakes tend to be some of our most expensive to care for because they are often 'blank slates' medically & sadly, it typically becomes clear that many have never seen a vet in their life. Moses & Maude were textbook examples of that. They were surrendered to the Charles County Animal Care Center with no information except that they were approximately 10 years old & they had received very little vet care their entire lives. This was evident by the matting, severe dental disease, injuries, & illnesses with which they were suffering. MWR jumped into action and after 5 long months of vet visits, tests, vaccines, treatments for infections, dental extractions, and a cranial cruciate ligament repair surgery- they are healthier & happier than they've ever been in their new forever home. The care for these two, even with generous discounts from our vet partners, ran us north of \$13,000, but it was worth every penny when you look at the "Before & After" pics below! (more pics to the left in the blue column as well)

LIKE TO DRIVE?

One of the things we need volunteers for the most is transport. When we get the call about a dog being surrendered we immediately send out an email to our volunteers to see who can bring them to us. Short distances, long distances- some of our volunteers even turn the trips into mini vacations or they visit friends and family along the way! If you like to drive and want to volunteer, please let us know by sending an email to:

Info@MarylandWestieRescue.com
